County Agent Warns Cotton Club Members About Planting too Early, And Shows How Early Planting Will Produce Weak Plants

To the boys in the Cotton Club we would offer a word of caution just here about planting cotton too early. This is Tuesday morning, April 7th, and unseasonably cold. Cotton will not germinate in a cold wet ground, and you should wait at least 5 days after it begins to get warm before planting. You might have planted on this date last year and made good crops, but it was considerably warmer this date last year, and if you followed the same practice this year you might not get a good stand, and the stand you would get would be so weak from the cold that most any kind of disease would kill the young plants out until later in the season when sure enough cotton weather comes, you would have only about a fourth of enough cotton on the ground and the stalks would be mostly rotten. Good cotton planting weather is when you can sleep without cover. Remember boys, there is not one set rule for farming; we must be guided by the seasons and conditions and use our own mother wit as to the best time and method of doing thousands of things on the farm.

Boy's Pig Club Notes.

Spring, a student at the Coffee County High School at Enterprise, was the first boy to get his pig for the 1925 club. One of our good club members, Paschal Brown, had a sow to farrow back in January—sow that we ordered for him from Meadow Brook Farm in Mississippi, and J. D. bought one of his most promising girls. Around May 1st we will be able to supply all the members for 1925 with good pigs.

SUPREME COURT VOTES COVINGTON SHERIFF NOT GUILTY.

Impachment of J. Nat Livings, sheriff of Covington county, failed when the supreme court of Alabama by a vote of five to two Friday acquitted the Covington official of all charges brought by the state through the grand jury of Covington county. The decision of the court was handed down early Friday afternoon after a colorful impachment trial lasting more than three days. Sheriff Livings was charged in several specifications with corruption in office, permitting the sale of liquor through the sheriff's force, failure to prosecute alleged prohibition violators, and other charges.

The defense represented by Powell and Albright made the "little army" of alleged prohibition violators the mark for their fire in arguments submitted Friday morning. They held before the court the outstanding and unimpeachable good character of the sheriff, as an offset to evidence of what they termed a "ring of prohibition violators" seeking vengeance for the activity of Sheriff Livings in prohibition enforcement.

It's been quite a while since I have seen any news from this part of the country published, so I will send a few notes. Everybody seems to be getting well from the "flu" and most everybody had a pretty bad case of it.

This beautiful weather is going fine with the farmers. Most all have their land ready for planting, and have already planted their corn.

There was a very large attendance at the birthday celebration Sunday of Mr. D. E. McWaters; it was his 69th birthday. Everybody seemed to enjoy the day time; had a nice dinner and plenty of it.

County Agent Warns Cotton Club Members About Planting too Early, And Shows How Early Planting Will Produce Weak Plants

To the boys in the Cotton Club we would offer a word of caution just here about planting cotton too early. This is Tuesday morning, April 7th, and unseasonably cold. Cotton will not germinate in a cold wet ground, and you should wait at least 5 days after it begins to get warm before planting. You might have planted on this date last year and made good crops, but it was considerably warmer this date last year, and if you followed the same practice this year you might not get a good stand, and the stand you would get would be so weak from the cold that most any kind of disease would kill the young plants out until later in the season when there is not one set rule for farming; we must be guided by the seasons and conditions and use our own mother wit as to the best time and method of doing thousands of things on the farm.

Boy's Pig Club Notes.

Spring, a student at the Coffee County High School at Enterprise, was the first boy to get his pig for the 1925 club. One of our good club members, Paschal Brown, had a sow to farrow back in January—sow that we ordered for him from Meadow Brook Farm in Mississippi, and J. D. bought one of his most promising girls. Around May 1st we will be able to supply all the members for 1925 with good pigs.

ELBA, ALABAMA, THURSDAY, APRIL 9TH, 1925.

SUPREME COURT VOTES COVINGTON SHERIFF NOT GUILTY.

Impachment of J. Nat Livings, sheriff of Covington county, failed when the supreme court of Alabama by a vote of five to two Friday acquitted the Covington official of all charges brought by the state through the grand jury of Covington county. The decision of the court was handed down early Friday afternoon after a colorful impachment trial lasting more than three days.

Sheriff Livings was charged in several specifications with corruption in office, permitting the sale of liquor through the sheriff's force, failure to prosecute alleged prohibition violators and other charges.

The defense represented by Powell and Albright made the "little army" of alleged prohibition violators the mark for their fire in arguments submitted Friday morning. They held before the court the outstanding and unimpeachable good character of the sheriff, as an offset to evidence of what they termed a "ring of prohibition violators" seeking vengeance for the activity of Sheriff Livings in prohibition enforcement.

FOREIGN MISSIONS SHOW LARGE RESULTS IN PAST TEN YEARS UNDER DR. LOVE.

TAKE OFFERINGS IN APRIL

Every Church and Individual Will Be Asked to Share in Supporting Enlarged Program—All Interests Will Be Pushed.

No department of Southern Baptist work has shown greater progress in recent years than that of foreign missions.

Dr. J. P. Love, corresponding secretary of the Foreign Mission Board, is

DR. J. P. LOVE

Secretary Baptist Foreign Mission Board

located at Richmond, Va., is just completing ten years of service in that capacity, and the survey conducted by Dr. Love shows that during that time the receipts of the board have been \$16,149,944, whereas the receipts for the entire 78 years of the board's history have been \$24,915,018, showing that two-thirds of the total receipts of the board since its organization in 1845 have come in during Dr. Love's administration.

Results on Foreign Fields Large. Indicating the results which these larger receipts have made possible on the foreign fields, it is pointed out that whereas the Foreign Mission Board was operating in only seven countries ten years ago, it is now at work in seventeen countries, representing Europe, Asia, Africa, North and South America. In that brief period of time the number of foreign churches has grown from 28 to 1905, the number of mission stations other than churches from 42 to 308, number of baptisms per year from 5,252 to 12,856, members of the churches from 29,991 to 111,872, number of houses of worship from 218 to 315, number of Sunday schools from 542 to 1,511, pupils enrolled in the Sunday schools from 22,022 to 76,054, contributions by local churches from \$94,129.95 per year to \$444,565, number of American missionaries on the field from 28 to 544, number of native Christian workers employed from 624 to 2,494, number of mission residences owned by the board from 68 to 123, number of mission schools from 335 to 869, number of pupils in these schools from 229 to 807, number of pupils in these schools from which 50 per cent of all the converts won by the missionaries came from 9,378 to 35,106, number of American medical missionaries employed from 12 to 19, and number of medical treatments given per year from 14,829 to 29,422.

So extensive has become the foreign mission work, as well as that of home missions, state missions, Christian education, hospitals, orphanages and the work of material relief fostered by Southern Baptists, that the denomination has grouped all these interests into one general program known as the 1925 Program of Southern Baptists, and all the 28,000 local white Baptist churches of the South are being asked to put on a budget that will adequately provide for all these causes, the budget to be raised through an every member canvass of the churches every year.

Take Special Offerings in April. Inasmuch as a number of the churches have not yet completed their canvasses and many churches which put it on did not enlist every member, the Foreign Mission Committee of the 1925 Program, in cooperation with the various state secretaries, is asking that Sunday, April 19, be observed as a day of special offerings in the churches for all the objects embraced in this general program. Where a church holds its regular services on some other Sunday than April 19, that congregation is asked to observe the day of its regular worship with special offerings for these causes. By reason of the recent rapid expansion of all our general causes of the denomination, and to enable the boards and other agencies to discharge their heavy obligations, an effort is being made to raise a minimum of \$4,000,000 in cash during the first four months of 1925. It is with a view to making as nearly as possible every one of the \$200,000 white Baptists of the South in this undertaking that the day of March 19 for the month of April were suggested.

I began using it and soon my bowels acted regularly and I was greatly relieved. I used it every once in a while for about 18 years. ALABAMA SCHOOL TERMS

FOR WHITE CHILDREN IN RURAL SCHOOLS

FIGURES TAKEN FROM LATEST PUBLISHED REPORT OF THE STATE DEPARTMENT OF EDUCATION - FOR 1923.

—

The map above presents in clearest form the greatest school problem in Alabama, according to H. G. Dowling, Secretary of the Alabama Education Association.

A full school term is an essential condition of a child's education. No child can be properly educated in a school where the term is less than 100 days. The map shows that in many parts of the state the term is less than 100 days, and in some places it is less than 90 days.

The schools of the United States, averaging all city and rural, long and short terms together, are open for 182 days each year. Some states furnish a ten-month term (120 days). Others, particularly certain Southern states, afford terms far below the standard 180 day length generally accepted as a minimum.

Only six counties of Alabama have a school term for rural white children approaching the 180 days of instruction. In the remaining thirty counties, the rural boys and girls receive for an average of only 100 days of instruction.

County Agent Gives More Instructions On Cotton Planting; Nearly All Fertilizer Has Been Delivered; More Notes on Hairy Vetch

Last week we advised the boys to hold up a few days on planting their cotton. Due to the continued cold weather we were having. Easter is over now and the prospects are for warmer weather so we would urge all members to plant their cotton immediately if the land is well prepared. The seed do not want to be planted on a fresh bed. A firm seed bed of one that has been allowed to settle for ten days or more is better for planting and getting a quick stand. Remember if your land has been bedded for several weeks and a fine coat of grass has come up it would be well to run a harrow over these beds to do away with both grass and clods. Be sure to plant enough seed per acre, not less than one bushel should be planted on any acre and we recommend 400 pounds acid phosphate mixed with 100 pounds muriate of potash and 50 pounds nitrate of soda to be applied before planting to be followed with 150 pounds nitrate of soda immediately after the cotton is chopped.

Both Circles met at the church with good attendance. The main topic for discussion was some means by which we could increase the treasury during the summer months.

Circle No. 1 will meet next Monday at 9:30 at the home of Mrs. Kersh. Mrs. Marley leads the Bible lesson, Leviticus and Numbers, and Mrs. Johnson will lead the lesson in Task Ahead—Chapters IV and V.

Circle No. 2 will meet with Mrs. Lowrey at 4:00 o'clock. Mrs. Prescott leads the Bible lesson, and Mrs. Bryant the lesson in Task Ahead, which is Chapters VI, VII and VIII.

CARD OF THANKS.

We take this method of extending our sincere and heartfelt thanks to our many friends who were so kind and good to us during the recent illness and death of our beloved mother, Mrs. L. H. Morris. We especially want to thank Dr. Bravett for his untiring attention to her during her illness. He was always so kind and good to her and faithful to the last. We also want to thank Dr. Bravett who did all he could to save her. We extend our thanks to Miss Mae Harper, our nurse, for her devoted attention to her beloved mother. We thank each and every one for the many beautiful floral offerings. The many deeds of kindness shown her and us will ever be remembered by us. May God's richest blessings rest with each and every one is our prayer. Hot Children.

MARRIAGE OF MR. YOUNG AND MISS BRYAN.

A marriage which will be of cordial interest to their many friends was solemnized on last Sunday morning at the home of Mr. and Mrs. J. O. English, when Miss Beulah Bryan became the bride of Mr. Sam B. Young. The groom's pastor, Rev. W. T. Grider performed the sacred marriage ceremony in a very impressive manner. Only members of the English family witnessed the wedding. Mrs. Young is the daughter of the late M. Bethel Bryan, and is one of the county's popular teachers. She possesses a nature of sweet womanly dignity, and her friendliness of manner has always made her a favorite with her friends. Mr. Young is a son of Mr. and Mrs. C. C. Young, and is one of Elba's most popular young business men. He holds a responsible position with Smith Brothers. Immediately after the ceremony Mr. and Mrs. Young left for a short trip to points in Florida, after which they will be home to their friends in Elba. Friends extend congratulations and best wishes to the young couple.

Y. W. A. MET AT CHURCH.

The Y. W. A. met at the church Tuesday afternoon. A lesson in Bible questions was led by Miss Carrie Vaughn. After the lesson Rev. S. A. Taylor made a splendid talk. There were seventeen present. —

The Y. W. A. girls took examination on The Wandering Jew in Brazil Saturday. They went to the Lilly valley where the examination was conducted by their leader, Mrs. C. P. Hayes. At the noon hour a delicious picnic lunch was served. Thirteen took the examination.

Last Monday afternoon, April 13th, Verdis Cook entertained a number of his little friends at his home in New Brockton, celebrating his 7th birthday. They met at 4:00 o'clock and interesting games were played until 5:30, when Mrs. Cook served lemonade and cake. Then they enjoyed a candy egg drawing. All departed with much cheer and good wishes.

MR. JEP MATTHEWS CELEBRATES 70TH BIRTHDAY.

On last Sunday a large crowd of relatives and friends met at the home of Mr. Jep Matthews to celebrate his 70th birthday. The day was spent singing in the Sacred Harp.

—

At the noon hour a delicious dinner was spread. Every body ate plenty and there was enough left to feed the crowd again. About 70 people were present. After the hunt and the little folks enjoyed an egg hunt.

—

Everyone enjoyed the day. We all wish Verdis many more happy birthdays.
